

WELCOME TO THE X-FANS PRODUCT CONFIGURATOR

The product configurator is a powerful design program that calculates all fans suitable for the application and the required operating point and makes them available for selection.

In the field of technical building services you can

- **find** the suitable fan for the respective application
- **design** the fan immediately at the appropriate operating point
- Save **projects**
- Create **drawings**

ALREADY REGISTERED AT MYTROX?

We recommend using the **free premium access with myTROX**:

- Uncomplicated access to all TROX online services and TROX configurators with just one click
- After you have [registered at myTROX](#) we can provide you with all previous project data and designs from the TROX X-FANS configurator in your myTROX account, if desired
- Please send us a short e-mail to info@trox-xfans.de
